

the bay of fundy route

• **STARTING A STAYCATION** in Saint John gives you many opportunities: hike the Irving Nature Park, take a Jet Boat to see the Reversing Falls, follow Saint John's International Sculpture Trail, or go ziplining at Timber Top Adventures. Be sure to stop in to Moosehead Breweries to take a tour of Canada's oldest independent brewery, and see how they create award-winning beers. Visit www.moosehead.ca/tour to book your tickets to this historic journey.

• **YIP CIDER** (3155 NB-845, Long Reach, NB)- Take a detour off the usual path, and visit Yip Cider to take a 45 minute tour of their cidery and orchard. Visit <https://www.yipcider.ca/tour> for more details.

• **STOP INTO THE FOGHORN** Brewing Company Taproom, in Rothesay, to pick up some incredible brews to enjoy when you stop to rest during your trip.

• **ST. MARTINS** is a beautiful community on the Bay of Fundy. This town is famous for the sea caves that can be explored during low tide to get some incredible photos (be sure to consult the tidal schedule so you arrive during low tide).

• **FUNDY TRAIL PARKWAY.** You can now drive the Fundy Trail from St. Martins to Alma for some of the most incredible views on the East Coast. While driving through, you can stop for pictures from one of the many observation decks or go hiking through one of their many scenic hiking paths (some even have a waterfall to find !). And if you need to cool down, walk across the suspension footbridge and take a swim in Big Salmon River. Rates do apply for the Fundy trail, see <https://fundytrailparkway.com/> for

rates and details.

• **ALMA** is home to Fundy National Park where, again, you can find picturesque hiking trails, waterfalls, and views of the Bay of Fundy. Biking and kayaking are just some of the options here, but if you need a break, this small town is famous for its delicious seafood and local sticky buns. And the trip wouldn't be complete without stopping into Holy Whale Brewery for a "Skittles" beer.

• **A SHORT DRIVE** from Alma, you will find Hopewell Rocks- one of the most iconic attractions in NB. Visit at low tide to walk the ocean floor and see the famous flower pot rocks. If you don't arrive during low tide, there is an option to kayak around the area. Visit <https://www.thehopewellrocks.ca/index.php/en/home> for rates and details.

• **MONCTON** is one of the biggest hubs in New Brunswick, with plenty of shopping, dining and accommodation options. While you are here, stop in to the Pumphouse Brewery for a bite to eat and try the new Peach & Blood Orange Crafty Radler. Just down the street, you will also find Expérience by ANBL, where you will find exciting wines, rare spirits, and unique beer.

• **NEXT STOP IS SHEDIAC**, where you can get your picture taken with the world's largest lobster! It is highly recommended to experience Shediac Bay Cruises, where you will take a two and a half hour boat cruise, learn about lobster fishing, haul in lobster traps, learn to crack a lobster, and enjoy a lobster meal.

• **PARLEE BEACH** boasts the warmest salt water in Canada and is a great place to relax and finish your road trip.
